About the Seminar

January BCFA Implications of Brexit Seminar. We present Stephen Sidkin, Partner, Head of Commerce and Technology, Fox Williams LLP, Solicitors who will talk about the legal implications of Brexit on business contracts and what members should be doing now to prepare. Stephen is a founder partner of Fox Williams and specialises in advising on commercial agreements. He also established and leads Fox Williams' agentlaw team which advises clients from a multitude of industries on their agency and distribution contracts (www.agentlaw.co.uk).

Stephen will be joined by Sacha Schoenfeld, Business Immigration Law Partner at Fox Williams LLP. In view of the fact that the UK's decision to leave the EU will inevitably cause a period of great uncertainty around immigration policy, Sacha is advising clients to ensure they are ready to take advantage of the opportunities, mitigate risks, and have the processes and people in place to manage a period of uncertainty. Sacha will also cover:

- Where are we now?
- Overview of the UK's immigration system, as applicable to EU and non EU nationals working in the UK – the current and future landscape
- Brexit and immigration (the EU Settlement Scheme and White Paper)
- Who is affected? Types of application
- Practical considerations and safeguards: what do employers and employees need to think about now and what action needs to be taken?
- What can go wrong? How to preserve residence and issues surrounding family members
- British citizenship – naturalisation and registration
